Zittles:

Paperbacne:
The kind of acne you'd like
to hide behind a book.

Oppozits:
Two matching pimples—
one on each cheek.

"Zittles" are brand new words for the same old bummers—acne pimples. What can you do about them? Launch a major Zitskrieg with the unbeatable medicine in Oxy 10[®], Oxy 10[®] Cover, Oxy 5[®] and Oxy 10[®] Wash. They all contain a potent measure of benzoyl peroxide, the very stuff that brought acne medicine out of the Dark Ages.

In fact, to kill acne bacteria and help prevent new pimples from forming, there's nothing stronger you can buy without a prescription.

Next question: How clean can you get your skin? You know all those little embedded blackheads that like to call your nose home? Oxy Clean[®] softens them up—helps send them floating down the drain.

Oxy Clean Medicated Pads, Cleanser, Soap and Scrub lift away dirt and oil so well you can actually prevent new pimples from starting in the first place.

So, if you're hiding your Paperbacne behind this magazine, get Oxy and get your face ready to face the world.

OXY Because zits are no laughing matter.

BODY BUILDER

Maybe it's a truck body. Maybe a racing car body. But whatever model you're building, you want it to look the best. That means putting in a ton of care and concentration. And paying particular attention to the details.

And when it comes to details, no one out-muscles MPC. Details are MPC's strength. You see, at MPC spe-

cial effort is given to insure that every car or truck is 100% authentic.

Whether it's an old model or a new one. A Classic Muscle Car or any of the newest '87 American High Performance Cars, MPC's got a model kit you can wrestle with.

So if it's a great body you want to show off, get an MPC Model Kit.

Just like the real thing. Only smaller.

Marvel freelance credits (past): Who cares?

Marvel freelance credits (present): Pencils/inks **MUPPET BABIES** — inks on **ALF** — pencils/inks on an upcoming **THUNDERCATS** — coloring all kinds of stuff.

My hobbies are: Tap dancing.

The single work of which I am most proud is: A secret.

My pet peeves are: Ugly behavior — N.Y. subways — Mayor Koch.

My place of birth is: Oceanside, Long Island, N.Y.

My greatest accomplishment outside the comics field is: Looking like a nun.

My oddest habit is: Nuns don't have odd habits — they have old

habits — sometimes funny looking habits — lately no habits at all — and besides it's none of your business.

If they were making a movie of my life, I'd like to see my part played by: Mary Astor, but she died — so I'd settle for Michael Jackson.

The reason I got into comics was: I was too chubby for the Radio City Rockettes.

People who knew me in High School thought I was: Delightful. My favorite performers are: The Kullapollan Players — the Jim Henson people — the Rockettes and Michael Jackson.

The least good book I read was: **THE NATURAL HISTORY OF NONSENSE** — Evans.

The least good movie I saw was: **BABY BOOM**.

The biggest influences on my work include: Past exposure to good children's books, past overexposure to movies — present underexposure to TV.

My greatest unfulfilled ambition in the comics field is: To play spoons on Ralph Macchio's head.

The worst part of my job is: Erasing.

When nobody's looking I like to: Look at people.

The one thing I want the world to know about me is: To know me is to love me.

(May I voucher this? Ha ha!)

If you know these colors, you already know how to play.

Kids, learning to play a Casio **MUPPETS** Keyboard is as easy as telling one color from another. No kidding.

With the EP-10 **BABY KERMIT** keyboard, you simply match the colors below the keys with the colors in its own music book. It's that easy. You get four preset

sounds to play with—piano, flute, violin and fantasy. And then built-in rhythms with a tempo control to help you keep time. It even has a built-in tune to show you what it can do.

Our EP-20 **MUPPETS** keyboard—the one with Kermit the Frog and Miss Piggy on it—has a special Melody Guide that leads your fingers across the keys with flashing lights. You'll love the tunes—they're some of the *Muppets*' greatest hits. And you'll be able to play them using eight instrument

sounds and 12 auto rhythms.

If you know the difference between red and green or blue and yellow, you already know how to play. And just as sure as Kermit is an adorable green frog, you know you're going to have fun.
